

# SCRANTON DISTRICT DENTAL SOCIETY

January 2012

## IN MEMORIAM

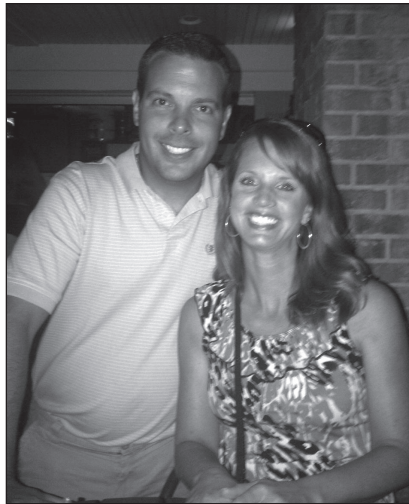

It is with heartfelt sorrow that The Scranton District Dental Society mourns the loss of its President, Dr. Todd Michael Angelo. Dr. Angelo unexpectedly passed away Thanksgiving Day. He leaves behind his wife, Sarah, and unborn child, Baby Angelo. Todd was the son of Cheryl Angelo and the late Ralph Angelo.

Todd attended the University of Pittsburgh, where he received his Bachelor of Science degree in Psychology. He continued his education at the University of Pittsburgh School of Dental Medicine, earning his Doctor of Dental Medicine in 2001, and Certificate in Orthodontics in 2004. During his studies, Todd served as President of the Blue and Gold Ambassador's Club, and was elected to the prestigious Omicron Kappa Upsilon dental honor society.

After graduating, Todd joined a private practice in the Pittsburgh area before purchasing and operating his own practice for two years. In 2006, Todd successfully completed his requirements for Board Certification by the American Board of Orthodontics and was certified in 2007. In 2007, Todd joined the practice Dr. J. Anthony Quinn and Dr. John Mariotti shortly, thereafter becoming Quinn, Mariotti and Angelo Orthodontics.

Todd was a member of the American Dental Association, The American Association of Orthodontists, The Pennsylvania Dental Association, The Mid-Atlantic Society of Orthodontists, the American Board of Orthodontics and Tri-State Dental Society. He was also serving as a PDA delegate.

Todd contributed to our Society in numerous ways. From the moment he arrived in the Scranton area, he began attending board meetings, quickly becoming an Executive Board member. He held the office of Vice President and served as Chair of Na-

tional Children's Dental Health Month for two consecutive years. His love of dentistry and dedication to our Society was demonstrated in all he did.

As an associate orthodontist with Doctors Quinn and Mariotti, Todd will surely be missed by patients and staff alike. Dr. John Mariotti writes:

*Tony and I were fortunate to have Todd Angelo with us for the past 4 years. He added so much to our practice and our lives.*

*In addition to being smart and professional, he was genuine. When he was near,*

*everyone followed his lead and smiled! That in itself was a remarkable gift. He was sincerely interested in each and every patient and took time to pay attention to every aspect of treatment. He recognized and cherished the kindness of this very special region. He had developed close relationships with many members of the Dental Society and they in turn welcomed him into their homes, families and lives. This has been so apparent in the past few weeks and so appreciated especially by Sarah.*

*Todd Angelo leaves us with a legacy of kindness – to Tony and me, to our staff and most importantly, to our patients. There is no greater tribute to the memory of Todd than to say anyone who interacted with him felt as though they were better for the relationship. We feel blessed to have had him with us, to teach us to slow down, enjoy each and every moment and to always strive to do your best.*

*His memory will live in the smiles he created and the lives he touched.*

Todd had a passion for life. His many interests and hobbies included fly fishing, kayaking, airplanes, trains, and vacationing at Topsail Island beach. Todd enjoyed giving back to his community through charitable work. In addition to his continued involvement with National Children's Dental Health Month, he was committed to the American Association of Orthodontists Foundations' Cases of the Future which supports education and research.

A special fund has been established in Dr. Angelo's name to provide educational support for his unborn child. Anyone wishing to contribute to the "Todd M. Angelo Memorial Fund" can send donations to:

Dr. Gary Kopesky
